

INFORMATIVE FILE SPEED BONDER IMPERIUM

IMPORTER	VITALIA PARTNERS S.L.
MADE IN	GERMANY
FUNCTION	DRYING ACCELERATOR OF THE GLUE USED FOR THE APPLICATION OF EYELASH EXTENSIONS
PRESENTATION	15 ML
TARGET POPULATION	PROFESSIONAL USE

1.- INGREDIENTS

THIS STUDY IS BASED ON THE FORMULA AND RAW MATERIALS PROVIDED BY THE MANUFACTURER.

INGREDIENTS INCI	% WT
AQUA	75-100%
SODIUM CHLORIDE	0-0,1%
HYDROXYPROPYL METHACRYLATE	0-0,1%
PARFUM	0-0,1%
BENZYL ALCOHOL	0-0,1%
HEXYL CINNAMAL	0-0,1%
LINALOOL	0-0,1%
CI 60725	0-0,1%

2.- PRECAUTIONS AND INSTRUCTIONS FOR USE

The Speed Bonder helps improve the retention of eyelash extensions, strengthening the bond between the natural eyelash and the extension. In addition, it neutralizes the vapours of the glue, minimizing the irritations that the glue can cause in the eyes.

How to use:

Using a micro-brush, apply a small amount to the extension strip before application or, once the service is finished, apply to the junction of the extension with the natural eyelash and leave it dry.

Precautions:

- Professional use.
- Avoid contact with eyes.

3.- FIRST AID MEASURES

Show this safety data sheet to the attending physician.

- In case of contact with eyes: In case of contact, rinse eyes immediately with water or physiological saline. If redness or itching develops, stop applying it. If irritation persists, see a doctor.
- In case of inhalation: No danger of inhalation.
- In case of skin contact: Wash with soap and water.
- If swallowed: Rinse mouth very well with water and drink plenty of water.
- Consult a doctor in case of presenting problems.

4.- FIRE FIGHTING MEASURES

- The product itself does not burn. Adapt the extinguishing measures to the environment.
- Extinguishing Media: Use dry chemical, CO₂, water spray or "alcohol" foam.
- Fire-fighting instructions: In case of fire, the following may be released: oxides of carbon and oxides of nitrogen. Do not enter any enclosed or confined space without full protective equipment, including self-contained breathing apparatus to protect against the hazardous effects of combustion products and oxygen deficiency.

5.- SPILLAGE MEASURES

- SMALL QUANTITIES: No special actions are required. After cleaning, rinse the remains with water.
- BIG QUANTITIES: Do not allow big quantities to enter sewer system/surface water/ground water.
Pick up with liquid absorbent material (e.g., universal binding agent) and dispose of in appropriate containers for disposal.
After cleaning, rinse the remains with water.

6.- HANDLING AND STORAGE

Precautions for safe handling: Avoid contact with skin and eyes; Avoid inhalation of vapours. Do not eat or drink while working.

- Storage: Store in a dry place away from sources of cold and heat.
- Keep out of the reach of children.

7.- GENERAL PROTECTION AND HYGIENE MEASURES

Control parameters:

- Parameters to monitor: None.
- Occupational limit values (AGW) TRGS 900 / RL 2000/39/EG / Biological limit values (BGW) TRGS 903

Exposure controls:

- Eye Protection: Not required for normal use. However, please operate in accordance with good working practices.
- Skin Protection: No special precautions to be taken for normal use.
- Hand protection: Not necessary for normal use.
- Respiratory protection: Not necessary for normal use.
- Thermal Hazards: None
- Environmental exposure controls: Not applicable.

8.- PHYSICAL AND CHEMICAL PROPERTIES

- Appearance: liquid
- Colour: colourless
- Smell: none
- Odour threshold: not applicable
- Safety relevant data
- pH value: slightly acidic
- Boiling Point / Boiling Range (°C): No data available

IMPERIUM BEAUTY GROUP

- Melting point / melting range (°C): No data available
- Flash point (°C): not applicable
- Flammability: not applicable
- Ignition temperature (°C): not applicable
- Self-igniting: not applicable

9.- STABILITY AND REACTIVITY

- Dangers: No.
- Chemical stability: Stable.
- Possibility of dangerous reactions: No.
- Conditions to avoid: None if used as intended.
- Incompatible materials: No.
- Hazardous decomposition products: No.

10.- TOXICOLOGICAL INFORMATION

- The product does not contain any substance classified as dangerous to health above the limit of consideration.
- Slightly dangerous for water. Class 1 water hazard.

Note:

This information is provided to facilitate the understanding of customers, it is based entirely on the information provided by the manufacturer of the product.

All information provided relates only to the specific material designated herein, and does not relate to use in combination with any other material or process. Vitalia Partners S.L does not assume any responsibility for the improper use of the product.
