2. INSTRUCTIONS FOR USE

Remove eyebrow and eyelash makeup with a cotton pad impregnated with Brow and Lash Shampoo.

PRECAUTIONS:

- Avoid direct contact with the ocular mucosa: accidental contact is warned by not having carried out an irritation test on the ocular mucosa and verifying that it would not irritate it.
- Do not apply inside the eye: it is a product for exclusive use on the external surface, in this case, on the eyelashes.
- Not suitable for children under 12 years of age: the responsible person has considered that people under 12 years of age, due to their anatomical and risk characteristics, are not suitable for the use of this product.
- Not suitable for people with delicate eyes or with allergies: for this reason, the responsible person recommends trying the product on the forearm area first and suspending its use if irritation, redness, itching, inflammation occurs. If any symptoms persist, see a doctor.
- Do not use if you suffer from dry eye problems, eye infections or inflammation: the responsible person considers that this product is for cosmetic use only and that it should not be applied to surfaces with any type of eye pathology mentioned above.

ALLERGY TEST

- Perform an allergy test on the forearm area first.

3. HANDLING AND STORAGE

Keep in a cool and dry place away from direct sunlight.

4. TOXICOLOGY ASSESSMENT

Criteria adapted to "The SCCS's Notes of Guidance for the Testing of cosmetic Ingredients and their Safety Evaluation" 9th Revision. 29th of September 2015.

5. EVIDENCE OF COMPLIANCE WITH GOOD MANUFACTURING PRACTICES (GMP)

The manufacturer declares that the manufacture of this cosmetic product has been carried out in accordance with Good Manufacturing Practices in order to ensure a high level of protection of human health.

6. DATA ON ANIMAL TESTING

The manufacturer warrants that no animal experiments have been conducted on the finished cosmetic product in connection with the development or safety evaluation of this cosmetic product.

7. EXPOSURE CONTROLS AND PERSONAL PROTECTION

No incidence related to unwanted effects (neither mild nor serious) has been reported.

8. STABILITY & REACTIVITY

Accelerated aging (3 months on stove in 41±2°C): Stable

Natural aging (3 months at room temperature): Stable

9. PHYSICAL-CHEMICAL PROPERTIES

Format: Liquid

Appearance: Transparent

Color: Light Pink

Odor: Characteristic

Ph (20°): 6.5-7.00

Density (g/ml) 20°C: 0.950-1.100

Viscosity (Cps) 20°C: Visually correct
